## DAY ? – ACTIVITY AND SIGHT SEEING DAY

### South Coast and Thorsmork Valley: Volcanoes, Waterfalls & Glaciers

#### **FIERCE AND FANTASTIC;**

Remember spring 2010? When all the flight traffic came to a halt? Caused by the volcanic eruption that took place in Eyjafjallajökull Volcano/Glacier? This is it! Not only is this the setting of the dramatic events that took place in the spring of 2010, it is a true **JEWEL OF NATURE**, surrounded by 3 glaciers. You will get up close and personal to the powerful volcano and see with your own eyes the aftermath of the volcanic eruption. For most, this place is **Love at First Sight** when travelling through Thorsmork Valley. Walking behind a waterfall, further adds to the magic of this tour.
